

Howard H.

University of Connecticut

Current Status July 2017

Completed Junior Year

Major

Mechanical Engineering

Minor

Manufacturing

How would you rate your college experience so far?

4

What technical and study skills learned in high school were most valuable to you in your first year of college?

Ability to learn on my own outside of lecture

What technical and study skills were most lacking in your first year of college?

Discipline to actually study

What do you like most about your college experience so far?

There's a wide variety of people at UConn, and my professors clearly care about student learning.

***Academically* - what, if anything, is frustrating or missing from your college experience so far?**

Sometimes, the professors are too smart for us, and don't know how to simplify/slow down the lessons.

***Socially* - what, if anything, is frustrating or missing from your college experience so far?**

The activities provided by UConn are pretty boring.

Any advice for high school students as they prepare for college applications?

No reply

Any advice for students about to begin their college career in September?

Honestly the hardest part isn't living by yourself, it's managing yourself and making time to do school work.
